

**"Dedicated to finding and funding new and diverse educational opportunities for the children of Wharton"**

## **Our Goals**

The main focus of the foundation is on building funds toward a growth oriented endowment. This endowment, similar to those found at private schools or universities, will eventually serve the children of the Wharton district for years to come with educational opportunities beyond the scope of state mandates and required courses. Wharton Kids First is dedicated to establishing new and diverse educational opportunities for the children of Wharton through fundraising events, grant solicitations and corporate and private donations. The Wharton Kids First Foundation firmly believes that our children are our future and we are committed to providing them with challenging educational opportunities and the financial means to make use of those opportunities to the best of their ability.
